

Corrigendum: Lee JL, Miller AH, Connette GM, Oo KS, Zug RG, Mulcahy DG (2018) First record of the Malaysian Bridle Snake, *Dryocalamus subannulatus* (Duméril, Bibron & Duméril, 1854), in Myanmar (Reptilia, Serpentes, Colubridae). Check List 14 (2): 341–345. <https://doi.org/10.15560/14.2.341>

Justin L. Lee, Aryeh H. Miller, Grant M. Connette, Khin Swe Oo, George R. Zug,
Daniel G. Mulcahy

Upon final cataloguing and proofing of the entire collection from the expedition reported in this paper, we noticed an error in the exact locality of the new record. The correct locality for USNM 581990 should be:

Myanmar, Tanintharyi Region, Thayawthadangyi Island group; Daung (Don) Island; N side of cove (12°17'10"N, 098°06'05"E, WGS84).

Other data for this record were correct as given.
